FLOOD CONTROL
ASSOCIATION

What are they?
Where did they come from?
Where will they go next?

**COMING
SOON:**

**PERIODIC
INSPECTIONS**

March 9, 2011 • Clarion Hotel, Sacramento • 10:00 a.m.

COMING SOON:

PERIODIC INSPECTIONS

Sponsored by the California Central Valley Flood Control Association

March 9, 2011

Schedule of Events

10:00 a.m. Welcome and Year in Review

10:10 a.m. Where did They Come From?

Will hear the background of the U.S. Army Corps' Periodic Inspection and answer questions regarding the program new to California. How are they different from annual levee inspections? How will they effect FEMA certification and PL 84-99 status? What should Reclamation Districts do to prepare for Periodic Inspection? We will hear the answers to these and other questions from:

Meegan Nagy – Chief, Flood Protection & Navigation Section, USACE, Sacramento District

Don Rasmussen – Chief, Flood Protection Inspection & Integrity Branch, DWR

CCVFCA RD – Tim Kerr, General Manager, American River Flood Control District

11:10 a.m. Break

11:20 a.m. Can They be Controlled?

Review and evaluation of Periodic Inspections conducted in 2010. Where have Periodic Inspections occurred and what was the result? What worked? What didn't work? Will they be coordinated with annual inspections? How will inspections change based on lessons learned in 2010? What improvements to the process are planned for 2011? What are suggestions for streamlining the process?

Jesse Hogan, Technical Lead for Periodic Inspections, USACE, Sacramento District

Don Rasmussen – Chief, Flood Protection Inspection & Integrity Branch, DWR

Chris Neudeck – KSN Inc, Engineer for RD 17

12:30 p.m. Lunch
